Subject: FERC Project 2105

To Whom It May Concern,

As Lake Almanor West property owners, we are very disturbed to learn of PG&E's plan to install "thermal curtains" on Lake Almanor and Butt Lake as part of the FERC Project 2105 relicensing. We believe that such a move would cause major environmental harm to those lakes while providing only a very minor improvement to trout habitat further downstream. We are therefore asking for your help in putting a stop to this plan.

Sincerely,

Kevin and Jennifer Wing
