Washington, DC 20426

Attn: FERC Project 2105

Dear Sirs:

We are retirees who have lived at Lake Almanor for the past ten years. We are extremely disturbed to learn of PG&E's plan to install thermal curtains on Lake Almanor and Butt Lake as a part of the FERC Project 2105 relicensing. Such a move would cause major environmental harm to those lakes while providing only a very minor improvement to trout habitat further downstream. We therefore request your assistance in putting a stop to this disastrous plan.

Sincerely,

James I. and Carolyn C. Stillman  
908 Dyer View Road  
Lake Almanor, CA 96137
