Dear Sir or Madam,

October 27, 2004

Please stop the PGE proposed Thermal Curtains. PGE's proposed thermal curtains will destroy the alpine beauty and tourism and recreation economy of Lake Almanor and Butt Lake.

As an are resident and small business man in the area I ask for your help. Every one in the area I know is extremely concerned about the impact of this ill-advised scheme. We are all screaming up here, "please don't let this happen!" and we are wondering if you can hear us!

We have experience first hand how sometimes "bright ideas" have back-fired when you mess with these alpine Lakes. Please don't allow PGE to make do to Lake Almanor and Butt lake what well meaning people have already done to our Lake Davis!

Thank you.
