**Re: Upper North Fork Feather River Project - FERC No. 2105-089
Relicensing Settlement Agreement Letters of Support**

Dear Secretary Salas:

This letter provides documents in support of the relicensing issues settlement proposal filed by the Pacific Gas and Electric Company's (Company's) October 1, 2003 letter. As was noted in the October 1 letter, a substantial majority of the stakeholders in the Upper North Fork Feather River Project collaborative (Collaborative) were represented in the Collaborative meetings and expressed agreement with the draft proposal submitted by the October 1 letter. Attached are letters or Emails from the U.S. Forest Service, the California Department of Fish and Game, Plumas County, the U.S. National Park Service and the California Sportfishing Protection Alliance. As was noted in the October 1 letter, the State Water Resources Control Board has expressed its support for the Collaborative but cannot prejudice the Company's request for water quality certification in connection with this relicensing proceeding.

If you have any questions, please call me at (415) 973-9320.

Sincerely,

Tom Jereb
Upper North Fork Feather River Project Manager
