

PRELIMINARY RESULTS

(Based on temperature curves presented in draft study plan)

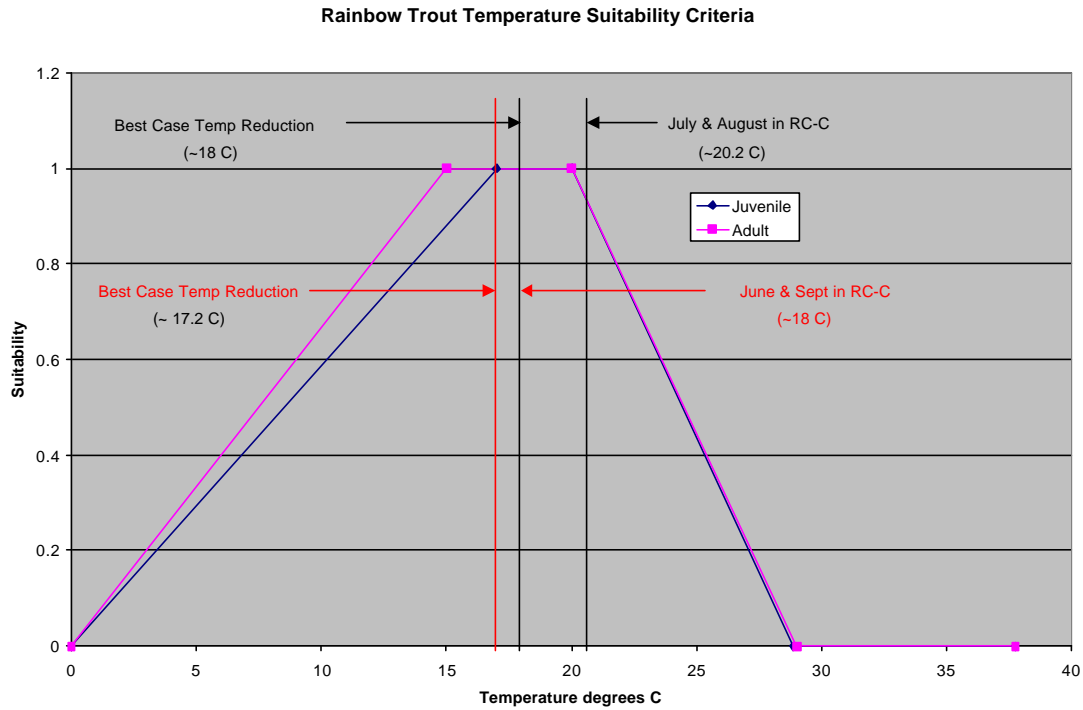

Figure 1. Adult and juvenile rainbow trout Temperature Suitability Curve for first five-year flow release schedule for Rock Creek –Cresta reaches (temperature lines fitted by eye).

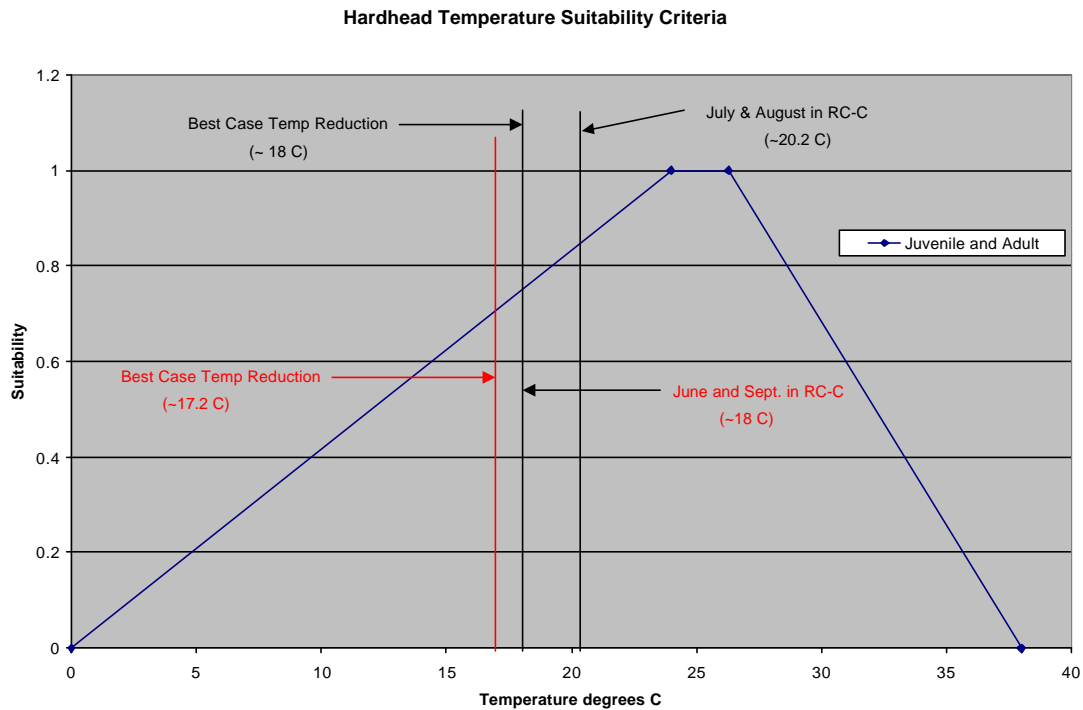

Figure 2. Hardhead Temperature Suitability Curve for first five-year flow release schedule for Rock Creek-Cresta reaches (temperature lines fitted by eye).

August 2, 2004 Presentation of the Preliminary Results of the

**Temperature-Conditioned Relative Suitability Index for the Belden, Rock Creek,
Cresta, and Poe Reaches of PG&E'S North Fork Feather River
Hydroelectric Projects**

(draft study plan dated July 8, 2004)
